### **DETAILED ACTION**

1. The amendment of 12 June 2008 to the claims has been entered.
2. Claims 9 and 19 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention. In claim 9 it is unclear how a circuit board, semiconductor wafer, semiconductor laser light emitting or photodetecting element board, MEMS board, and semiconductor package are metal materials. Please note that a semiconductor (which has low conductivity) is not a metal (which has high electrical conductivity). Similarly in claim 19 it is unclear how a semiconductor wafer is a metal material.
3. Claims 10-17, and 20-25 are allowed.
4. Claims 9 and 19 would be allowable if rewritten or amended to overcome the rejection(s) under 35 U.S.C. 112, 2nd paragraph, set forth in this Office action.
